

SUSTAINABLE DEVELOPMENT GOALS AND POVERTY

Learning Intention: To make connections between each of the United Nation's Sustainable Development Goals and their role in alleviating poverty in our world.

Activity

The Sustainable Development Goals are a set of 17 goals developed by the United Nations, which are aimed at creating a peaceful and sustainable future for all. Access the Sustainable Development Goals website and view the [overview on poverty](#). Select THREE facts/statistics from the infographic. Write these down below and next to each, explain what surprised you about them, or what questions you might have.

Activity

As you have learnt in previous activities, there are a number of causes of poverty and different ways in which poverty can be alleviated or eradicated for different communities around the world. Using the [Sustainable Development Goals website](#), read through each of the remaining 16 goals. For each of these, explain how working towards each of them can either directly or indirectly assist in reducing poverty in our world.

Use the table on the following pages to record your answers.
